

We are pleased to announce that the IEEJ Journal of Industry Applications (JIA) launched by the Industry Applications Society has received a Journal Impact Factor (JIF) of 1.7. We would like to express our sincere gratitude to all of you for your past support and cooperation in this achievement.

Your excellent research results and articles have enhanced JIA's reputation. Further, I would like to express my deepest gratitude to all reviewers and editorial board members as well as our sincere appreciation for all of your efforts.

Achieving this JIF means an international enhancement of JIA's status and influence. By actively publishing important research results and innovative ideas in the field of industrial applications we will continue to contribute to the academic community.

Your continuing support and cooperation will remain an essential element in the development and growth of JIA. Your contributions and peer review, as well as your various other contributions to the academic community, are sincerely appreciated.

Once again, I would like to express my sincere gratitude and deepest appreciation for your support. I look forward to an even brighter future for JIA.
