IEEJ Journal of Industry Applications

Special Issue on “Motion Control and its related technologies”

Program Committee, Industry Applications Society
 Technical Committee of Industrial Instrumentation and Control
 Technical Committee of Mechatronics Control

IEEJ Journal of Industry Applications, which is different from Transactions on Electrical and Electronic Engineering (TEEE) and IEEJ Transactions on Industry Applications, is published from July 2012, bimonthly. In order to have the impact factor of IEEJ Journal of Industry Applications, the special issue is published periodically.

Now, we are planning a special issue on “Motion Control and its related technologies” in IEEJ Journal of Industry Applications published on January, 2015.

Motion control and its related technologies are one of the key-technologies for IEEJ Journal of Industry Applications, and it is much important for academic and industrial fields to discuss and clarify the trends of motion control technologies. In this special issue, we commend to submit the extended papers of 2014 IEEJ Technical Meeting on Industrial Instrumentation and Control and as well as the unpublished original papers on Motion Control and its related technologies.

Note that some contributed papers may be treated as general papers according to the review process.

Publication schedule for the “Motion Control and its related technologies” Special Issue is as follows.

16th, April, 2014 ◆ Deadline for submission of papers to the Special Issue

January, 2015 ◆ Publication of the Special Issue

Submitting of manuscripts : Please visit the following website for the electrical submission.
