

2009 K-J Joint Symposium on ED & HVE First Call for Papers

**2009 Korea-Japan Joint Symposium on Electrical Discharge
and High Voltage Engineering
November 5-7, 2009
The Paradise Hotel, Busan, Korea**

Organized by

KIEE Electrophysics and Applications Society
Technical Committee of Electrical Discharges in IEEEJ

Co-organized by

Research Group of High Voltage and Discharge in KIEE
Dong-A University

In Corporation with

IEEE DEIS Korea Chapter
IEEE DEIS Busan Chapter

Chairperson

Kwon, Young Soo (Dong-A Univ., Korea)

Co-Chairpersons

Song, Won Pyo (Hyosung Corp., Korea)
Hikita, Masayuki (Kyushu Institute of Technology, Japan)

Organizing Committee

Park, Chung Hoo (Pusan Nat'l Univ. Korea)
Kim, Moon Duk (KEPCO, Korea)
Koo, Ja-Yoon (Hanyang Univ. Korea)
Lim, Kee-Joe (Chungbuk Nat'l Univ. Korea)
Kim, Yong-Joo (KERI, Korea)
Hara, Masanori (Kyushu Electric Power Co. Japan)
Hidaka, Kumihiko (The University of Tokyo Japan)
Nakano, Toshiki (National Defense Academy, Japan)
Tochikubo, Fumiyoshi (Tokyo Metropolitan University, Japan)
Kumada, Akiko (The University of Tokyo, Japan)
Yamano, Yasushi (Saitama University, Japan)
Sakano, Mina (Toshiba Co. Japan)

Technical Program Committee

Prof. Lee, June-Ho, Secretariat
Dept. of Electrical Eng., Hoseo University,
165, Baebang-myun, Asan-si, Chung-Nam, 336-795, KOREA
TEL/FAX +81-41-548-6685
e-mail leejh@hoseo.edu

SCOPE

The 2009 Korea-Japan Joint Symposium on Electrical Discharge and High Voltage Engineering in Busan, Korea will provide an opportunity for the specialists in the field of fundamentals and applications of electrical discharge and high voltage engineering for exchanging and sharing their research achievements and experiences, and will follow the line of the previous symposium in Tokyo, Japan, 2007.

Main Topics

1. Testing and Measuring Techniques of High Voltage and Electrical Discharge Phenomena (including High Voltage and Pulse Power Apparatus)
2. Partial Discharge and Diagnostic on Power Equipment and Devices
3. Electrical Breakdown in Vacuum, Gases, Liquids and Solids
4. Fundamental Processes of Electrical Discharges
5. Discharge Plasma Applications
6. Electrical Insulation and Dielectric Materials
7. Lightning, Surge Protection

Language

The official language of the symposium is English. All the printed matters will appear in English

Special Issue of KIEE and IEEJ Transactions

It has been decided that the Special Issue of KIEE/IEEJ Transactions for K-J Symposium is to be published after the symposium. The authors are encouraged to submit the papers to either KIEE or IEEJ Transactions.

Submission of Abstract

You are invited to submit the abstract(s) of no more than 300 words to Secretariat of the Technical Program Committee by **July 31, 2009** via **E-mail (leejh@hoseo.edu)**.

The abstract must include the following: title, author(s) name(s), affiliations, mailing address, e-mail address, telephone, and fax numbers.

Acceptance or rejection notices will be mailed by Middle of August, 2009 to the corresponding authors.

Important Dates

Abstract Submission:

July 31, 2009

Acceptance/Rejection Notice:

Middle of Aug., 2009

Manuscript Submission:

Sept. 30, 2009

Conference Dates:

Nov. 5-7, 2009

Registration Fee

Regular: 150,000 Won (in Korean Currency)

Student: 80,000 Won (in Korean Currency)

Venue

The symposium will be held at the Paradise Hotel at Haesundae Beach in Busan, Korea. The venue is located at one of the most world-wide famous beaches, and the Paradise Hotel is the five-star hotel, which has excellent facilities for symposium and beautiful views for refreshment.
