

First Announcement

LDIA 2017 Osaka

The 11th International Symposium on
Linear Drives for Industry Applications
Osaka, Japan, September 6-8, 2017

LDIA 2017 will provide a forum for discussing present research and development activities and future prospects related to the linear drives for industry applications. It will contribute to finding these solutions and further development of linear drive technology. The symposium is sponsored by the Institute of Electrical Engineers of Japan, Industry Applications Society.

Osaka City

Osaka is the third largest city in Japan and well known as a commercial city with tasty food and drink. It has easy access to famous historical cities, Kyoto and Nara.
