

1. Logging in / Create an Account

EDAS Conference and Journal Management System is the platform used by the conference to submit and review all papers.

In order to submit a paper, first you need to login to EDAS or create an account if you do not have one yet.

EDAS Login for IPEC2022

Your email address

Password

If you cannot remember your password, you can [reset your password](#).

If you do not have an EDAS login, you can [create a new account](#).

EDAS uses cookies to keep you logged in.

If you have difficulties, please contact help@edas.info. Documentation and other background information can be found [here](#).

2. Selecting the Track

Tracks are thematic clusters for the papers. It is very important that you select the most appropriate Track for your paper, as this will impact its reviews. Please check the **keywords** of each track carefully beforehand.

Each Track (Track 01-11) includes **Organized Session (OS)** and **Regular Paper** session. Papers/speakers of OS has already been decided. If you're a regular contributor, choose **“Regular Paper”**.

Please note that if the paper may not be proceed to a review process if it is submitted to the OS by mistake.

IPEC2022	Track 11. Smart Facilities (Regular Paper)		Oct 12, 2021 23:59:59 JST	Oct 12, 2021 23:59:59 JST

3. Registering the paper

In this section you are required to fill the metadata of your paper for it to be registered in EDAS.

NOTE: "Keyword 1" must be selected from the keyword list of the applicable topic.

Register a paper for International Power Electronics Conference (IPEC-Himeji 2022- ECCE Asia): Track 02. Industrial Instrumentation and Control (Regular Paper)

 Register paper  Add authors  Upload Extended Summary

*Title of paper

*Type of Presentation (Preferred)
 1. Oral
 2. Poster
 3. Either

*Keyword 1 (required) 

Keyword 2 (optional)

Keyword 3 (optional)

Please select a total of 1 topic.

*Track 02 Industrial Instrumentation and Control (RS) (choose 1)

Advanced control and its industry applications (Automation and Process Control/Network-based Control/Advanced Control Theory)

AI and signal processing for industry applications (Machine Learning/Model Predictive Control/Optimal Control/Optimization in Industry Applications/Signal Processing)

Sensing and actuation technologies (Advanced Actuation Techniques/Special Actuators/Advanced Sensing Techniques/Diagnosis and Monitoring/Vision System/Sensor Fusion)

*Agree with IPEC2022 Privacy Policy (authors must check off on submission)

Add yourself as author (you can add others later)

* denotes required field

4. Uploading Extended Summary File

After registering the paper information, scroll down until you see the option to upload the Extended Summary in PDF. Select the PDF file from your PC and click on "**Upload PDF**".

Please be sure NOT to include author's names and affiliations in PDF file.

EDAS will automatically check a few things on the document, including size and page length.

If there are alert in PDF file section, please fix and reupload the file before deadline.

Register paper Add authors Upload Extended Summary

All authors must be added to the paper record. You can [add authors](#) or [upload the manuscript](#).

Register paper Add authors Upload Extended Summary

You can now upload your **Extended Summary** for *Advanced Control and Its Industry Applications (TEST)* until [Oct 12, 2021 23:59:59 JST](#).

You can upload the following file types: PDF.

Files larger than 1 GB need to be uploaded via Google Drive or Dropbox links.

The file you are uploading should not be longer than 5 pages.

Copyright of Manuscript should be transferred to IEEJ.

Send email notification to authors

File name

or, alternatively, URL for file (e.g., YouTube, Dropbox, Box or Google Drive; do not use directory URLs)

5. Adding co-authors

To add co-authors, go to the paper page and click on the **plus sign** next to **Authors**.

⋮																						

A new page will appear where you can search for the co-author profile. Ideally, each co-author is registered in EDAS. A list of relevant profiles will appear after your search. Select the right person and click on **"Select this person"**.

 Register paper  Add authors  Upload Extended Summary

Name, EDAS ID or email address of author
... or select from co-author list

If your co-author is not listed because he/she does not have EDAS account, you can add him/her manually by clicking on **"None of the above"** and fill out the necessary information.

Title

*First name (please spell out, i.e., Jane instead of J.)

Middle initial, if any

*Last name (mixed case, i.e., Smith instead of SMITH)

*Affiliation

Department

URL of institutional (university, company, government agency) web page (including http:// or https://)

*Country

*Email address

*Status

* denotes required field

Emails will be sent to the co-author to inform you've created the EDAS account for him/her.

Register a paper for International Power Electronics Conference (IPEC-Himeji 2022- ECCE Asia): Track 01. Static Power Converter (OS)

 Register paper

 Add authors

 Upload Extended Summary

Since you are a chair for this conference, the category setting is optional and other submission restrictions do not apply.

*Title of paper

Please check the box if the paper is for "JIA to IPEC".

Please select a total of 1 topic.

*Track 01 (OS) (choose 1)

- OS: Modeling and Simulation Techniques for Power Electronics
- OS: Emerging Technology for Cutting Edge Wide Band Gap Semiconductor Device
- OS: System Integration Technology in Power Electronics
- OS: Power Supply System Using ICT Technology
- OS: Power Electronics for Renewable Energy Interconnected Grid
- OS: Electromagnetic Compatibility

*Agree with IPEC2022 Privacy Policy (authors must check off on submission)

Ignore paper title and abstract problems

Add yourself as author (you can add others later)
